Electric Pruners

**Comfort – Speed
Power - Maneuverability**

Koham Electric Pruners

Our affordable electric pruners are ideal for the landscape professional, vineyard, farm or home garden. No more sore hands! The sharp blades will cut cleanly through branches up to 1-1/2 inches thick, quickly and accurately. The long cord lets you maneuver around and through thick brush. The unit comes with a rechargeable battery pack, shoulder harness and belt clip that make

Efficient

With a fast return and fast cutting action, these pruners will cut five times faster than hand pruners.

Versatile

Koham pruners clean-up both older wood and newer shoots effortlessly.

Strong

The combination of our high-quality steel blades and the bypass design delivers a clean and precise cut, guaranteeing rapid healing of the wood.

Ergonomic

Designed to fit a range of hand sizes, this pruner works well for both right and left-handed people. The light weight and soft touch handle are comfortable for hours.

Durable

Blade is coated with a special material that extends its life. Koham also sells replacement parts.

Flexible

The pruner will cut a branch up to 1.2" in diameter. Our long cord makes it easy to cut at different heights and angles.

Multipurpose

This is the ideal tool for landscapers, vineyards, farms, ranches, orchards or home use.

Specs

- Working voltage: DC 36v
- Rated current: 40,000mA
- Weight: 2 lbs
- Battery: 6.6 Ah lithium
- Operates from: 23°F - 122°F
